## *THE NEPOPO® SCHOOL : THE SILVER PROGRAM*

---

*In Europe, the Animal Welfare Laws state that "it is forbidden without valid reason to inflict pain or to make a dog suffer."*

As we will discuss training systems, we will emphasize how it is important to stay both within the law but also within the perception of the law. It is easy to apply NePoPo® within these confines because the NePoPo® is the language of modern dog training and is a politically correct, humane, and effective dog training system that allows broad application while staying within the most restrictive guidelines.

NePoPo® is an logical intellectual art based on science. NePoPo® is a language that will make communication between you and your dog enjoyable, effective, and with heart and soul. In the Silver Program, students will focus on NePoPo® theory. Students must first learn the language in order to be the architect of their own NePoPo® program, customised for each individual dog.

## VOCABULARY, ROLE GAMES AND PRACTICAL WORK

*All students must understand the vocabulary of the behaviourists and the psychologists who teach cognition and memory: e.g. positive reinforcement, negative reinforcement, positive punishment, negative punishment, classical conditioning, and operant conditioning and how to apply them all specifically using NePoPo®. During the Silver Program, students will learn in depth what PoPo training is, what NePo training is and what NePoPo® training is and the powerful aspects of each system. There will be role games to*

*facilitate comprehension of each system and all the dog training tools commonly used in NePoPo® will be covered.*

*People always ask, how do I get drive in my dogs? How do I train a dog where he works with Heart and Soul? What can I do to create the perfect customised balance of motivation and concentration? By the end of the course, you will know the answers.*

*For the NePoPo® Gold Program, Maximum 10 new students with one dog*

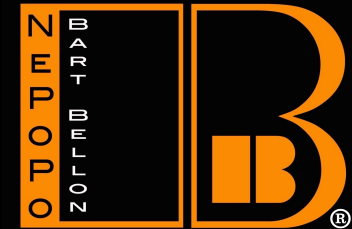

*each. Each student will get homework prior to the Gold School and at the NePoPo® School, the student will have practical work in NePoPo® training with guidance and supervision from a Master Coach.*

*Only students who pass the exams of the Silver Program are eligible for the Gold Program. The practical work of applying the theory can then begin. The students will work with their dogs and will see other dogs work in NePoPo®.*

### *EXTRA PERKS*

*Graduates will have the option to be listed on Our Website as a NePoPo® Gold Program Graduate*

*Graduates of the Gold Program will be able to use our NePoPo® Trademarked logo as a quality mark and will receive 15 percent off of NePoPo® merchandise purchased from [www.bartbellonshop.com](http://www.bartbellonshop.com) .*

*Gold School Graduates will receive a NePoPo® electronic collar certification.*

# THE NEPOPO® GOLD PROGRAM

---

**The NePoPo® Silver and Gold Programs are typically at the same venue.**

*The NePoPo® Gold Program is intensive hands on training in NePoPo®. Due to the time lapse between the Silver Program and the Gold Program, the students will have had some time to experiment and work with other Graduates, and this formula makes the NePoPo® Gold School a highly efficient and effective training program.*

*NePoPo® is a modern training method and each graduate will be required to maintain his standing in the Bart Bellon® NePoPo® Training School. In order to keep updated, graduates must have short recertification programs every year (which will probably be a Skype/facetime for one hour once per year after which we send a new Certificate of Successful Completion for a year). This must be initiated by the student.*

*The Certificate of Successful Completion from the Bart Bellon® NePoPo® Training School will be revoked if the graduate is found to be misrepresenting NePoPo® when propagating another system. Graduates may not bestow the authority to anyone else to use the NePoPo® trademark. Graduates are encouraged to use the methods and teach them, but they cannot run a franchise or the like where they train and designate other trainers to be Bart Bellon® NePoPo® certified.*

*While at the school, B.C.BB reserves the right to terminate the program with any student at any time. If this should happen, the student would be given a pro-rated refund and driven to the airport. Some of the behaviors that would warrant termination are: students taking drugs while at the school, general disrespect, vandalism, inability to follow directions.*
